Tim,

Hope you are staying healthy and safe. To answer your question, we prefer a joint response from all the parties when negotiating ASAOs; it makes it a lot more streamlined than trying to wade through different redlines submitted by each party. Hopefully I will hear from all the PRPs by the end of the 14-day time period (approximately April 13); at that time I intend to send out an email to all the PRPs suggesting you all work together to submit one redlined ASAO to EPA. In the meantime, if you want to start working toward this, I would encourage you to contact the other PRPs now and start working on a group mark-up of the ASAO to submit to EPA. If it helps, after the two-week period is up or once I hear from everyone, I can schedule a conference call, although that may be premature to do so prior to EPA receiving a redlined ASAO.

Best,
Cathie

Cathie,

Thanks for forwarding. Do you have a plan of attack or a time-table for the first meeting?

Tim

Brittany and Tim,

This email is a follow-up to my prior email regarding the Citizens Gas notice letter we sent you. We have been having some issues with mail and it appears the attachments to the letter weren't sent via email the first time around, so I've attached the notice letter attachments hereto.

Thanks,
